GREENSIDE

Welcome

However you arrive — road-weary from a long journey, dust still on your boots after days on safari, or simply in need of an afternoon that belongs to you alone — you are warmly welcomed here.

Greenside Wellness is a quiet corner of the hotel given over entirely to slowing down. Our therapists work with natural ingredients and unhurried hands, drawing on both timeless technique and the botanical richness of Tanzania, so that every treatment leaves you a little lighter than you arrived.

And because hospitality sits at the heart of all we do, a complimentary spa menu of refreshing drinks and light bites is offered to every guest throughout their visit — with our compliments. Settle in, sip something cool, and let the day soften around you.
